

Fashion and materials in questions (I)

ECTS : 3

Description du contenu de l'enseignement :

The course is built as a seminar that questions contemporary challenges of the fashion and textile industry from multiple angles. It brings together micro and macro perspectives from different disciplines, mainly design, engineering and management. Each lecture is focused on a question discussed by a specialist.

Compétence à acquérir :

Students develop their culture and understanding of transformations and innovations in the field of fashion and materials. The seminar is meant to nurture their reflection for their pre-project.

Mode de contrôle des connaissances :

There is no grade awarded for this seminar. The validation is based on presence to all sessions.
