

Internship

ECTS : 12

Description du contenu de l'enseignement :

Students must intern at a company (semester 4) for at least 4 months.

Compétence à acquérir :

The students should also complete an end-of-studies internship lasting at least 4 months. The curriculum includes guest lectures by visiting professionals on issues related to Big Data, providing another means of connecting with relevant business circles.

Mode de contrôle des connaissances :

The internship will conclude with a report to be reviewed by a committee.
