

Ethics, Professional standards & Compliance

ECTS : 3

Description du contenu de l'enseignement :

Course objectives

Conducting business in the financial sector means conducting business with highest standards of ethics and in accordance with the laws and regulations of the countries where the business is done.

The course's objectives are

- to understand the importance of ethics and professional standards when conducting business in the financial sector;
- to get a basic knowledge of the regulation and laws;
- to understand the main compliance concepts applied in Corporate & Investment Banks

Part 1. Ethical and Professional Standards

This part offers a pragmatic approach of ethics in finance, pointing out some of the recent issues that emerged since the financial crisis.

The course takes as a starting point some of the recent codes of conduct issued by the finance industry as well as CFA Institute® Code of Ethics and Standards of Professional Conduct; it then turns to concrete issues such as rate-rigging, toxic assets or liabilities, product structuring, investor protection, as well as some of the recent regulation. Topics are covered through presentations in class, student presentations, exercises and case studies. Student presentations are delivered individually, in class, under a pre-set format, and are part of the participation grade. As a prerequisite, students must be familiar with CFA Institute® Code of Ethics and have prepared an example of a standard violation and corrective action for the first class.

Part 2. Global Compliance

Main objectives are giving students a global overview on the main Compliance concepts applied in a Corporate & Investment Bank and emphasizing the latest trends in regulatory environment. Theoretical courses and practical examples will be exposed to students on the main Compliance and Financial Security themes met in a Corporate & Investment Bank.

- Compliance: privileged information, information barriers, conflicts of interests, market abuse and insider trading, suitability, reputation risk, etc...
- Financial Security: KYC, KYB, and implementation of the European 3rd Directive ; embargos, countries on watch lists, combating money laundering, fraud prevention.
