Formation Alumnye

ECTS : 0

Description du contenu de l'enseignement :

This short-term course is a professional formation proposed by the society AlumnEye. It is scheduled in the very beginning of the year, in September. It offers a coaching to the students who intend to pursue in the finance industry after the M2 104 Research in Finance, especially those considering an international career, and who are willing to prepare themselves to the recruiting processes and the professional interviews in the fields of banking, finance and consulting.
The fees that the students must pay to attend this formation are offered by the University. The number of places is limited to those really interested in this formation.
